Development Research QUALITY ASSURANCE Airron Kennedy Game Story/Synopsis Utopianaries vision is all about controlling the battlefield with your respective "Will". With the world ending due to species corruption, the remaining people look to the Utopianaries with the hope that they will create a world suitable for everyone to live in. With numerous Utopianaries, all with the vision and abilities to change the world in their image, there is a power struggle between these characters in that they all desire to impose their “Will” upon other Utopians. Followers are loyal to their overarching utopianarie due to the immense "Will" that is exposed to them. This makes them the perfect minions to rush into battle to see that their leader's will is done. 05 06 01 03 02 04 Movement/Jump used to maneuver the map Abilities used to attack/defend from enemies Exp Gain Leveling up Destroying Structures win condition Enemy Camps Used to gain exp Basic Attacking U sed to engage with enemies on the map Core Actions Game Goals Main Goals: Destroy the enemy's main structure Sub-Goals: Destroy the enemies' sub-structures Moment-To-Moment Goals: Manage followers in the area Defend structures Clearing camps Attacking enemies Enemy AI system Respawning Attacking Movement Health Leveling system Exp Skill points Upgrading the player in some way Character system Abilities Movement Attacking Upgrading abilities Respawning Game’s system When game ends Potential events that happen Individual Feature/Requirement discussion Ammo Health Leveling Reloading Individual Feature/Requirement discussion Cont. Visual Feedback System Auditory Feedback System Death UI Utopian Elimination UI Level up UI Follower Elimination UI Defeat/victory UI Attacking Structures destroyed Ability usage UI Game start music Defeat/victory music Death sound Utopian Elimination sound Level up sound Camp Enemies Respawning Attacking Health Addition buff pending Enemy AI system Brief Description: This system controls the enemies movements as well as health and attack.
